Thank you for visiting us. We are here to provide you with free entertainment & a lovely place to enjoy a meal/beverage. Sometimes everyone has the same idea - at the

same time - to visit US! We are grateful when this happens & we'd love it if you were understandingly patient. Throw your ordinary restaurant expectations out the window when you step thru our doors. We're quaint, busy, slow but very, very, good! We promise to do everything humanly possible to serve you in a timely manner.

But for the unruly among you...and you know who you are...a warning: Most of the people around you are regulars. If you start raising hell with the staff...or get obnoxiously drunk, they will help us throw you out. Ask yourself, how embarrassing would that be? We're serious...we've got pictures. The regulars will get free drinks for their trouble...and you can bet we'll all laugh our asses off at your expense. Plus, you don't get to come back. It's hard to find excitement like that way out here. There's a sayin' in Deep East Texas: *You can beat the rap, but you can't beat the ride.* So, a word to the wise...You're in the country. Relax. Eat some chips. Have a drink. Make up some fishing stories. But please...mind your manners and, remember: There's a new Sheriff in town!
